#### The Board of Trade Making Arrangements

#### FOR THE NEXT STREET FAIR

Committees Were Appointed Last Night, and They Will Work Hard For Success. Council Will Be Asked to Help—Orators to Be Secured.

The board of trade met in the parlors of the Hotel Grand last night with a large number of business men present.

The papers returned showed that the organization started with a membership of 46. The persons who have been calling on the business men said the general opinion of all seemed to be in favor of holding a street fair. Attorney McDonald was of the opinion that it would be wise to continue the work of securing members to the board, in order to make it as near unanimous as possible. The bylaws of the old board of trade were read, showing that the annual meeting was held on the first Tuesday of August at which time officers were elected. A meeting of the old board was then held in which they turned everything over to the new organization. After a few remarks as to the object of the board, for the benefit of business men not conversant with the facts, the election of officers took place. Attorney J. E. McDonald was nominated for president, but declined the honor, stating that he would do all in his power for the good of the organization, and give his labors as far as he could spare, but that he would prefer to do it as a high private, as he had not the time to give to the presidency. He also said he believed the board would outdo the old one, and that organization had been the best of its kind ever in the city. J. C. Deidrick was then elected president; W. J. McKinney, first vice president; John Rose, second vice president; board of directors, J. E. McDonald, Adolph Joseph, G. H. Owen, S. J. Crawford, D. A. Devine, W. O. Hamilton, D. F. Nellis, L. M. White, T. V. Milligan, J. T. Herbert; secretary, G. Y. Travis; treasurer, C. A. Ferguson.

A committee, composed of W. D. Wade, George Viney and G. B. Schmidt were appointed to confer with the officers of the last street fair before forming new plans for the holding of a celebration. The idea of holding the fair on the same day as the bridge dedication was discussed freely, and as Attorney McDonald said the bridge would be open by Oct. 15, and the electric line would be in operation at the same time, a committee composed of J. E. McDonald, W. C. Stewart, Mayor Gilbert, Robert Hall, were appointed. They will arrange for orators and take charge of the preliminaries of the celebration. Council will be asked to suspend the ordinance prohibiting fakirs on the streets, and the board will want the privilege of renting them space. Then the board adjourned.

#### TO RAISE MONEY.

Association Officials and the Auxiliary Confer.

A pleasant and harmonious joint session of the directors and ladies' auxiliary of the Young Men's Christian association was held last evening in the George building. Plans for the raising of funds for the current year were discussed at length. At the end of the first year the association had a debt, and although this has been steadily reduced it still amounts to \$800. It has been resolved to raise this amount, the \$2,200 required to operate the association for a year, and the \$1,000 needed to improve the building, at the coming anniversary meeting. Great efforts will be made to increase the paid up membership to 500, and to help the cause along the ladies decided to admit gentlemen to honorary membership. The friends of the boys and morality should rally to the aid of the management, and lend assistance, financially and in good words.

#### BLEEDING AND BRUISED

Was George Guppart After a Tree Fell on Him.

George Guppart, an employee of the Union pottery, and living in Chester, met with an accident near his home yesterday. He was engaged in chopping down a tree when it unexpectedly gave way and fell, striking Guppart and knocking him down. The young man was badly bruised on one leg and arm, but was able to rise to his feet and walk home.

#### HIGHLY INDIGNANT.

West End People Want the Lisbon Road Improved.

A large number of West End residents are highly indignant over the fact that a petition was presented Tuesday even-

ing to council, asking that the proposed improvement on Lisbon road be delayed until some future time. A leading citizen of that neighborhood, when questioned about the petition, said: "I cannot understand what those people mean by their actions. They certainly do not wish to have the road left in the shape it was last winter, but yet it looks very much that way to a person who reads the petition. The very people who are now working against the improvement are those who, when it was first agitated, wanted the work done as soon as possible."

#### AFTER A LITTLE BALM.

Miss Elizabeth Deveney Sues Dr. O. D. Shay.

Dr. O. D. Shay, one of the best known physicians of this city, is the defendant in an action for breach of promise, brought by Miss Elizabeth Deveney, of Pittsburg, in the United States court at Cleveland. She claims they were to have been married in the fall of 1895, but the doctor broke the engagement. Again was the date set, and another time was the engagement broken. This agreement, she says, he failed to carry out, and only \$10,000 will heal her wounded feelings.

Doctor Shay smilingly refused to discuss the matter when seen by a reporter today, but said he would of course fight the case in court. He had nothing whatever to say of the report appearing in the Pittsburg papers. The gentleman has a great many friends in the city. Miss Deveney was at one time well known here. She is said to be an educated and refined young woman. Her father died suddenly a few years ago in Alliance, leaving a considerable fortune. News of the suit created an immense sensation in the city today.

#### PUT OUT THE FIRE.

Two Boys Prevented a Conflagration at Spring Grove.

The presence of mind of two small boys saved the campground yesterday afternoon from what might have been a disastrous conflagration. The curtains in the cottage of Wylie King caught fire from a gasoline stove, and in a few seconds they were blazing at a rapid rate. A cry of fire went up at once, and everybody rushed to the scene, but they were too late. A couple of the small boys had arrived before them. One of the lads had thrown a bucket of water on the curtains while the other had torn them down, and thrown them out of the door. A few dish rags were also burned, but no damage was done, owing to the quick work of the boys.

#### PALESTINE WANTS IT.

The Town Will Strain Every Nerve to Get the Sebring Plant.

The East Palestine Revue Echo has this to say in speaking of the proposed pottery:

"They insist that it shall be built in their own city. However, our friends on the south need not hope for the new Sebring pottery, as the people of East Palestine know a good thing when they see it, and the balance of the stock in the land will soon be taken and the pottery built. And more than that, we expect many families from East Liverpool will locate here. We have magnificent building lots, and welcome our friends in East Liverpool to a land where they can see the sun rise without climbing a ladder."

#### A BOATING STAGE.

The Pittsburg Coal Fleet Has Already Started.

The heavy rains of the past few days made the coal men of Pittsburg very happy, and for the second time this summer they have started a fleet to southern markets. It is expected that 6,000,000 bushels will be taken. This is not the full amount in the Monongahela river pools, some companies saying that prices have fallen so low in the south as to make the run unprofitable. The Pacific was the first to get away with a tow last night, and the remainder of the fleet started at daybreak.

#### TROUBLE IN CUMBERLAND.

The Chelsea Pottery Has Shut Down for a Season.

It is rumored here that the Chelsea pottery in New Cumberland has shut down because of a difference of opinion among the stockholders. Some of the employees have notified friends in this city that they were told to look for other places, as the plant would not be placed in operation for a time. It was reported that a receiver would be asked, but this story is denied in the Toronto Tribune.

#### They Celebrated.

Several young men of Wellsville managed to get too much corn juice aboard last night, and amused as well as disgusted a large crowd of spectators by parading Market street with sticks of red fire in their mouths.

### WILL FIGHT A PARDON

#### Robert Hailes Will Use Every Available Means

#### TO KEEP WINTERGILL IN THE PEN

The Board Has Recommended a Pardon. Governor Bushnell Will Be Asked Not to Sign the Document—An Attorney Has Been Employed.

An effort is being made to have Governor Bushnell pardon Ralph Wintergill, but his relatives in this city will fight the movement to the last.

Wintergill killed his wife in this city almost 19 years ago, and the crime was so brutal in its execution that public sentiment was aroused. He cut her throat with a razor, and then attempted to end his life in the same manner, but was unsuccessful. He has been in confinement for over 18 years and is the third oldest prisoner in the penitentiary, counting his years of service. He is an old man, and is employed in the department where clothing is made for the prisoners. A few years ago his case was brought before the board of pardons, but Governor McKinley refused to sign the document. Last Thursday the matter was again considered by the board, and the hope expressed that Governor Bushnell would grant the pardon.

There is another part of the matter, however, which will materially alter the aspect of affairs. Robert Hailes, of this city, is a son of the murdered woman, and he will fight the effort to pardon Wintergill to the end. He stated this morning that he would at once notify his attorney at Columbus, and if necessary he would go to Governor Bushnell, and lay the facts before him. There are three other sons, one in Tiffin, one in Toronto and the other in Wheeling, and they will gladly aid him. They have already spent no little money in fighting the matter, and propose to continue the battle. The statements of leading residents, who know the details of the case, will be forwarded to Columbus at once. Mr. Hailes knew nothing of the application for a pardon until notified by the News Review this morning.

#### MEETINGS IN CANTON.

The Evangelists Will Again Begin Work in That Place.

Reverend Dempster, Dick Albright and Harry Buxton will leave for Canton tomorrow if arrangements can be completed by that time. The services will not be held in the same part of the city as they were the last time the gentlemen conducted meetings. After they finish at Canton they do not know where they will go, as a great many letters have been received asking them to go to several cities, and the gentlemen are at loss upon which to decide.

#### NIBLOCK DENIES IT.

He Never Threatened the Life of George White.

Charley Niblock arrived in the city from Zanesville last night. He had heard of the statement against him during the inquest held by Squire Manley. To a reporter he said he had never threatened in Miss Maylene's presence to kill White, nor in the presence of any other person. He and White were the best of friends, and he never entertained anything but friendly feeling for him. He will return to his work in Zanesville next Monday.

#### AN ELECTION BET.

It Was Made in the City This Morning by Two Enthusiasts.

Two enthusiastic Americans, one a gold Republican, and the other a silver Democrat, made a wager this morning, but will not allow the use of their names in connection with its publication. If McKinley and the gold standard wins, the Democrat is to pay the dues of the Republican in every order to which he belongs for a year, and vice versa. As both are members of several orders, the amount of the wager is considerable.

#### NO SICKNESS.

The Health of the City is Very Good at Present.

As a reporter wandered about the city in search of news this afternoon he discovered almost all the doctors in their offices, patiently waiting for business. When asked for a reason, one of the doctors said: "The health of the city is very good just now. I don't know of one contagious disease, and typhoid fever has almost entirely disappeared. The city, I think, is even in better health than it was last year."

#### Mrs. King Is Very Ill.

Wylie King this morning received a telegram from Marietta, conveying the

sad intelligence that his grandmother would not live more than 24 hours. His father, J. T. King, who is at present in Columbus, was telegraphed the news of his mother's illness at once. Wylie will leave this evening for Marietta.

#### HOT IN LISBON.

Judge Smith Making It Warm For Offenders.

Lisbon, July 17.—[Special].—Judge Smith is carrying out his idea of punishing those who break the liquor laws, and a long list of offenders were sentenced today.

Charles Seiver, of Leetonia, got \$50, the costs and 10 days in jail for selling on Sunday, and 10 days on each of two other charges in addition to a fine of \$50 for one and \$25 for the other. Frank Moss, of Salem, paid \$85 and costs for selling to a minor, and Wayne Morgan, of the same place, received a duplicate for the same offense. John Kountz, of Wellsville, sold to an habitual, and drew a fine of \$50 and costs and 15 days in jail as his prize. Thomas McGuff, of Salem, was fined \$35 for selling to an habitual, and Tom Taylor, of Wellsville, was disposed of in Judge Young's court. He got \$50 and 10 days jail for selling to a minor. It will not be long under sentences of this kind until breaking the liquor laws will become obsolete in this county.

#### A HAPPY OCCASION.

The Elks Congratulated Mr. and Mrs. Percy Frost.

Last night members of the Elks, to the number of 50, serenaded Mr. and Mrs. Percy Frost, in honor of their recent marriage. A parade was formed at 10 o'clock in the Diamond, and as they moved down Fifth street headed by Manley's band, each man was carrying a stick of red fire. Arriving at the home of the happy couple the band played several selections, and W. E. Wells, on behalf of the Elks, made a short speech wishing Mr. Frost and his bride much happiness. This was responded to in a fitting manner by Mr. Frost, who advised all the unwedded men of the organization to follow his example. A song was sung by Tom McGeever, and the Tarr brothers gave a piano selection.

#### SOLICITING AID.

Striking Miners Sent Representatives to This Place.

John Wheeler and Ralph Marsh, of Salineville, were in the city today, soliciting aid for the striking miners of that place. At Lisbon almost \$100 was subscribed for the cause, and those of this place in sympathy with the miners gave liberally. The gentlemen called at city hall this morning, and received a neat sum from the officers and policemen. Mr. Marsh was a former resident of this place, and knew Chief Johnson very well. There is no sign of a settlement of the strike soon, and the men are firm in their determination to stand out. They have done no work since March 9.

#### MARRIED IN CUMBERLAND.

Mr. Will Barlow and Miss Alice Greenwood Surprised Their Friends.

Will Barlow, of Grant street, a dipper employed at the Dresden pottery, and Miss Alice Greenwood, of West Market street, went to New Cumberland one day this week, and were quietly wedded. The young people are well known and popular. None of their friends had the slightest intimation that they were to be married, and the event was a complete surprise to all. The young couple will go to housekeeping at once on Calcutta road.

#### GOING TO CANADA.

Liverpool Men Will Build Several Kilns at Toronto.

Cowans, Cant & Co., of Toronto, Ont., importers and decorators of crockery, have engaged the services of Weaver & Kell, of this city, to build two new decorating kilns for them. The contractors, with a force of men, will leave the latter part of next week for Toronto. The kilns to be erected are of large size and known as the "jumbo" class.

#### NO OIL.

The Drill Is Down Over a Thousand Feet.

Miller Bros., of Ohioville, who are in the employ of a Pittsburg company drilling for oil on the Thomas Smith farm, near Smith's Ferry, have reached a depth of almost 1,000 feet, but have not struck the precious fluid yet, although some gas has been found. It is feared that the wells drilled on this land will prove to be dusters.

#### An Eighteen Pound Fish.

The Anglers have already commenced to send word of the enormous fish they have been catching. A letter received from J. S. Wilson states that he caught an 18 pound bass the first time he went out. It is presumed that the next fish caught will weigh at least 50 pounds.

### PREPARED FOR BATTLE

#### The Republican Committee Met in Lisbon.

#### THERE WILL BE MANY MEETINGS

East Liverpool Will Have Its Share of Public Speakers—The County to be Well Provided—No Date Fixed For the Opening of the Campaign.

The campaign promises to be a lively one, and Columbiana county will have its share of big meetings and prominent speakers.

The Republican executive committee met in Lisbon yesterday afternoon, and the preliminary steps were taken. Those in attendance were Chairman W. L. Smith, Secretary James N. Hanley, W. V. Blake, East Liverpool; W. M. Hostetter, Lisbon; A. C. Fogo, Wellsville; Frank Mercer, Salem; J. A. Martin, Lisbon; J. I. Brittain, East Palestine; Henry Nixon, Salineville. It was decided that the campaign would be unusually warm, and that a large number of meetings will be held in the county. East Liverpool will not be forgotten in the arrangement of dates, and some leading men will be brought here. The committee will fight the common enemy in all parts of the county, and there will be no unprotected spots. The members were all enthusiastic for the ticket, national, state, congressional and county, and if the result depended on their efforts alone the majority would be unusually large. The routine and other business was not given out in detail, but enough is said by members of the committee to show that no efforts will be spared to make Columbiana county do more than its duty this year. The local committeemen returned to this city last night.

#### IN CONSULTATION.

The School Board and Bank Officials Talked About Those Notes.

Secretary Norris and Mr. McClain, of the board of education, held a consultation with the officials of the Postoffice and First National banks, yesterday afternoon, with a view to coming to some understanding in regard to the settlement of those two troublesome notes now overdue. Nothing definite was done, but it is said that the banks will agree not to press the matter of money at present, in view of another election, which will probably be held to give the people another chance to vote on the question of issuing bonds. The expense of running the public schools, combined with the cost of making improvements absolutely necessary, will more than eat up the fund from the tax duplicate. In face of this state of affairs, it is imperative that bonds be issued, else the payment of the notes will be impossible. The board will probably submit the matter of issuing bonds at the fall election.

#### WILL BE RETURNED.

Captain McCleary's Watch Is Now In England.

The valuable gold watch stolen from Captain McCleary, of the Ford City, by Sidney Burroughs, who was convicted of the theft and sentenced to serve a year in the penitentiary, will be returned to its rightful owner soon. It will be remembered that the time piece was taken to England by James Proudlove to be presented to a person there. When it became known that the watch was stolen property the donor of the gift arranged to have it returned, and accordingly Mrs. Samuel Thomas, who at present is visiting relatives in Burslem, Eng., has secured the article in question, and will bring it back when she returns.

#### BOUND TO COURT.

Edward Croxall Waived a Hearing This Morning.

Edward Croxall, Jr., who was arrested yesterday, charged with being concerned in recent robberies, was bound over to court this morning, and his bail placed at \$1,000. The prisoner concluded not to give the local authorities any more trouble than was necessary, and agreed to waive a hearing. Croxall will probably be taken to the county seat tomorrow.

#### WHIPPING HIS WIFE.

An Officer Wanted at Walker's to Arrest a Man.

A telephone message came to city hall this afternoon asking that an officer be sent to Walker at once, as a man living there was beating his wife in a shameful manner. An officer went to the place, but to the hour of going to press no arrests had been made.

The Board Has Recommended a Pardon. Governor Bushnell Will Be Asked Not to Sign the Document—An Attorney Has Been Employed.

Reverend Dempster, Dick Albright and Harry Buxton will leave for Canton tomorrow if arrangements can be completed by that time. The services will not be held in the same part of the city as they were the last time the gentlemen conducted meetings. After they finish at Canton they do not know where they will go, as a great many letters have been received asking them to go to several cities, and the gentlemen are at loss upon which to decide.

#### NIBLOCK DENIES IT.

He Never Threatened the Life of George White.

Charley Niblock arrived in the city from Zanesville last night. He had heard of the statement against him during the inquest held by Squire Manley. To a reporter he said he had never threatened in Miss Maylone's presence to kill White, nor in the presence of any other person. He and White were the best of friends, and he never entertained anything but friendly feeling for him. He will return to his work in Zanesville next Monday.

#### AN ELECTION BET.

It Was Made in the City This Morning by Two Enthusiasts.

Two enthusiastic Americans, one a gold Republican, and the other a silver Democrat, made a wager this morning, but will not allow the use of their names in connection with its publication. If McKinley and the gold standard wins, the Democrat is to pay the dues of the Republican in every order to which he belongs for a year, and vice versa. As both are members of several orders, the amount of the wager is considerable.

#### NO SICKNESS.

The Health of the City is Very Good at Present.

As a reporter wandered about the city in search of news this afternoon he discovered almost all the doctors in their offices, patiently waiting for business. When asked for a reason, one of the doctors said: "The health of the city is very good just now. I don't know of one contagious disease, and typhoid fever has almost entirely disappeared. The city, I think, is even in better health than it was last year."

#### Mrs. King is Very Ill.

Wylie King this morning received a telegram from Marietta, conveying the

sad intelligence that his grandmother would not live more than 24 hours. His father, J. T. King, who is at present in Columbus, was telegraphed the news of his mother's illness at once. Wylie will leave this evening for Marietta.

#### HOT IN LISBON.

Judge Smith Making it Warm For Offenders.

LISBON, July 17.—[Special].—Judge Smith is carrying out his idea of punishing those who break the liquor laws, and a long list of offenders were sentenced today.

Charles Seiver, of Leetonia, got \$50, the costs and 10 days in jail for selling on Sunday, and 10 days on each of two other charges in addition to a fine of \$50 for one and \$25 for the other. Frank Moss, of Salem, paid \$35 and costs for selling to a minor, and Wayne Morgan, of the same place, received a duplicate for the same offense. John Kountz, of Wellsville, sold to an habitual, and drew a fine of \$50 and costs and 15 days in jail as his prize. Thomas McGuff, of Salem, was fined \$35 for selling to an habitual, and Tom Taylor, of Wellsville, was disposed of in Judge Young's court. He got \$50 and 10 days jail for selling to a minor. It will not be long under sentences of this kind until breaking the liquor laws will become obsolete in this county.

#### A HAPPY OCCASION.

The Elks Congratulated Mr. and Mrs. Percy Frost.

Last night members of the Elks, to the number of 50, serenaded Mr. and Mrs. Percy Frost, in honor of their recent marriage. A parade was formed at 10 o'clock in the Diamond, and as they moved down Fifth street headed by Manley's band, each man was carrying a stick of red fire. Arriving at the home of the happy couple the band played several selections, and W. E. Wells, on behalf of the Elks, made a short speech wishing Mr. Frost and his bride much happiness. This was responded to in a fitting manner by Mr. Frost, who advised all the unwedded men of the organization to follow his example. A song was sung by Tom McGeever, and the Tarr brothers gave a piano selection.

#### SOLICITING AID.

Striking Miners Sent Representatives to This Place.

John Wheeler and Ralph Marsh, of Salineville, were in the city today, soliciting aid for the striking miners of that place. At Lisbon almost \$100 was subscribed for the cause, and those of this place in sympathy with the miners gave liberally. The gentlemen called at city hall this morning, and received a neat sum from the officers and policemen. Mr. Marsh was a former resident of this place, and knew Chief Johnson very well. There is no sign of a settlement of the strike soon, and the men are firm in their determination to stand out. They have done no work since March 9.

#### MARRIED IN CUMBERLAND.

Mr. Will Barlow and Miss Alice Greenwood Surprised Their Friends.

Will Barlow, of Grant street, a dipper employed at the Dresden pottery, and Miss Alice Greenwood, of West Market street, went to New Cumberland one day this week, and were quietly wedded. The young people are well known and popular. None of their friends had the slightest intimation that they were to be married, and the event was a complete surprise to all. The young couple will go to housekeeping at once on Calcutta road.

#### GOING TO CANADA.

Liverpool Men Will Build Several Kilns at Toronto.

Cowans, Cant & Co., of Toronto, Ont., importers and decorators of crockery, have engaged the services of Weaver & Kell, of this city, to build two new decorating kilns for them. The contractors, with a force of men, will leave the latter part of next week for Toronto. The kilns to be erected are of large size and known as the "jumbo" class.

#### NO OIL.

The Drill Is Down Over a Thousand Feet.

Miller Bros., of Ohioville, who are in the employ of a Pittsburg company drilling for oil on the Thomas Smith farm, near Smith's Ferry, have reached a depth of almost 1,000 feet, but have not struck the precious fluid yet, although some gas has been found. It is feared that the wells drilled on this land will prove to be dusters.

#### An Eighteen Pound Fish.

The Anglers have already commenced to send word of the enormous fish they have been catching. A letter received from J. S. Wilson states that he caught an 18 pound bass the first time he went out. It is presumed that the next fish caught will weigh at least 50 pounds.

### PREPARED FOR BATTLE

#### The Republican Committee Met in Lisbon.

#### THERE WILL BE MANY MEETINGS

East Liverpool Will Have Its Share of Public Speakers—The County to be Well Provided—No Date Fixed For the Opening of the Campaign.

The campaign promises to be a lively one, and Columbiana county will have its share of big meetings and prominent speakers.

The Republican executive committee met in Lisbon yesterday afternoon, and the preliminary steps were taken. Those in attendance were Chairman W. L. Smith, Secretary James N. Hanley, W. V. Blake, East Liverpool; W. M. Hostetter, Lisbon; A. C. Fogo, Wellsville; Frank Mercer, Salem; J. A. Martin, Lisbon; J. I. Brittain, East Palestine; Henry Nixon, Salineville. It was decided that the campaign would be unusually warm, and that a large number of meetings will be held in the county. East Liverpool will not be forgotten in the arrangement of dates, and some leading men will be brought here. The committee will fight the common enemy in all parts of the county, and there will be no unprotected spots. The members were all enthusiastic for the ticket, national, state, congressional and county, and if the result depended on their efforts alone the majority would be unusually large. The routine and other business was not given out in detail, but enough is said by members of the committee to show that no efforts will be spared to make Columbiana county do more than its duty this year. The local committeemen returned to this city last night.

#### IN CONSULTATION.

The School Board and Bank Officials Talked About Those Notes.

Secretary Norris and Mr. McClain, of the board of education, held a consultation with the officials of the Posters and First National banks, yesterday afternoon, with a view to coming to some understanding in regard to the settlement of those two troublesome notes now overdue. Nothing definite was done, but it is said that the banks will agree not to press the matter of money at present, in view of another election, which will probably be held to give the people another chance to vote on the question of issuing bonds. The expense of running the public schools, combined with the cost of making improvements absolutely necessary, will more than eat up the fund from the tax duplicate. In face of this state of affairs, it is imperative that bonds be issued, else the payment of the notes will be impossible. The board will probably submit the matter of issuing bonds at the fall election.

#### WILL BE RETURNED.

Captain McCleary's Watch Is Now In England.

The valuable gold watch stolen from Captain McCleary, of the Ford City, by Sidney Burroughs, who was convicted of the theft and sentenced to serve a year in the penitentiary, will be returned to its rightful owner soon. It will be remembered that the time piece was taken to England by James Prondlove to be presented to a person there. When it became known that the watch was stolen property the donor of the gift arranged to have it returned, and accordingly Mrs. Samuel Thomas, who at present is visiting relatives in Burslem, Eng., has secured the article in question, and will bring it back when she returns.

#### BOUND TO COURT.

Edward Croxall Waived a Hearing This Morning.

Edward Croxall, Jr., who was arrested yesterday, charged with being concerned in recent robberies, was bound over to court this morning, and his bail placed at \$1,000. The prisoner concluded not to give the local authorities any more trouble than was necessary, and agreed to waive a hearing. Croxall will probably be taken to the county seat tomorrow.

#### WHIPPING HIS WIFE.

An Officer Wanted at Walker's to Arrest a Man.

A telephone message came to city hall this afternoon asking that an officer be sent to Walker at once, as a man living there was beating his wife in a shameful manner. An officer went to the place, but to the hour of going to press no arrests had been made.

EAST LIVERPOOL should not cast a vote  
for Bryan and Sewell.

Bryan's speeches are interesting, if  
for nothing more than the misstatements  
they contain.

The Lisbon Patriot scatters its affect-  
ions about in the most promiscuous man-  
ner. It speaks of W. J. Bryan as "our  
beloved candidate."

Even though he was a rampant enemy  
of silver, Bryan's views of the tariff  
would prevent him standing well with  
the partisans of America.

PITCHFORK TILLMAN has been strangely  
silent since the Chicago convention.  
Can it be possible that he hoped to lead  
the Popocratic hosts this year?

If the number of Democrats leaving  
the party and repudiating the platform  
continues to increase, Mark Hanna and  
his committee will have little to do dur-  
ing the next few months.

The Populists who want to endorse  
the Democratic ticket need not expect  
reward should the friends of free silver  
prove victorious. There are more than  
enough hungry Democrats willing and  
waiting to gobble up the spoils.

**A FALSE THEORY.**

That the free coinage of silver will  
act substantially on the same lines as a  
prohibitive tariff, has become a favorite  
argument with local Democrats. They  
point out the fact that all duties on im-  
ports must be paid in gold to the govern-  
ment, and if there is free coinage gold  
will be at a premium. Therefore no one  
will import manufactured articles be-  
cause he cannot afford to pay the high  
price for gold. Their reasoning is  
wrong. They base their argument upon  
a supposition not at all in accordance  
with the facts. With free coinage of sil-  
ver the metals are expected to circulate  
side by side. A silver dollar is to do  
the same duty as one made of gold.

What good is this free coinage of silver  
if the money can not be used for all  
purposes? Why should the govern-  
ment demand payment in gold when it  
expects the people to transact their busi-  
ness with gold and silver? That would  
be a discrimination. The government  
would be working on a safe principle  
while private business would be trans-  
acted with every danger of loss. The  
principle of the silver advocates is to  
have the white metal used as freely as  
gold, to have it circulated by the govern-  
ment. If this should come to pass the  
government would of necessity be com-  
pelled to accept any money of the coun-  
try, silver, paper or gold, in dealing  
with its creditors. There is no argument  
which can show the free coinage of sil-  
ver doing the work of a protective tariff.

15 PEOPLE DROWNED.

Ferryboat Overturned In the  
River at Cleveland.

CAPSIZE BY A STEAMER'S WAVES.

The Victims Drowned Before Help Could  
Reach Them—Some Rescued, While  
Others Swam to Shore—An Engineer  
Had a Remarkable Escape.

CLEVELAND, July 17.—Several lives  
were lost in the accident which occurred  
on the old river bed near the ore docks  
of the Cleveland and Pittsburgh Railroad  
company. The ore handlers had just  
quit work for the day and were waiting  
their turns to cross the branch of the  
river on the flatbottomed ferryboat  
which they had provided for their own  
use. A number of the men had crossed.  
When the ferry reached the dock the  
last time at least 20 men crowded upon it.

The boat, which was about 30 feet  
long and not more than four feet wide  
would carry safely not more than a  
dozen persons. The stream is not wide,  
however, and the hurrying ore handlers  
had no thought of danger. The boat  
was pushed from the shore and was  
being propelled across the stream.

When it was about half way over it  
began to sink. Then as the men rushed  
to the side it turned over. All the occu-  
pants were thrown into the water.  
Those who remained on the shore,  
alarmed at the capsizing of the little  
craft, at once threw life preservers and  
planks to the unfortunate men, but  
most of them sank like lead.

Richard Masten, chief engineer of the  
steamer Bessemer, which the men had  
been unloading, was on the ferry when  
it overturned. He thinks there must  
have been 50 or more men on the frail  
craft. The boat was floating all right,  
he says, until the steamer Aragon, a big  
ore carrier, came down the river. The  
swell from that vessel caused it to rock  
and the men became alarmed. Many  
of them rushed to the side and jumped  
overboard before the boat capsized. The  
wash from the Aragon carried them un-  
der the water, and several of them were  
drowned before help could reach them.  
"The men struggled frantically," said  
Masten, "to save themselves, but they  
seemed powerless. When I saw that the  
boat was going over, I decided to stay  
with it. That is what saved my life.  
I let the boat turn over on me, and  
by putting my head above the water  
underneath it I escaped the swell from  
the steamer and came out all right."

Two boys, Bernard Patton, aged 15,  
Martin Corrigan, aged 16, were in the  
boat and both saved themselves by  
swimming to the shore.

After the 15 bodies had been taken  
from the water, they were conveyed to  
the morgue for identification. None of  
the men who were drowned occurred  
near the place where the accident occurred,  
and although a great crowd of curiosity  
seekers had assembled, nobody who  
saw the bodies as they were taken from  
the river was able to identify a single  
one of them.

Following is a list of the dead at the  
morgue: William Saunders, 179 Lewis  
street, married, one child; August Kas-  
tehn, Gange street, married, several chil-  
dren; Michael Lynch, 16 Hanover  
street, married; Fritz Bartel, 43 Fern-  
street, 21 years old, single; Chris Ger-  
lach, 46 Selden street, 45 years old,  
married, two children; — Prokup,  
residence unknown, aged about 40,  
married; Carl Bohrmeyer, 24 Selden  
street, aged about 30, married only  
three or four months; Julius Erke, 8  
List court, married, several children;  
Christ Gohren, Selden avenue, married,  
several children; Charles Kraus, Sel-  
den avenue, aged about 35 years,  
widower, several children; Edward  
Ryan, 38 years old, Waverly avenue,  
domestic circumstances unknown; Chas.  
Sperke, Selden avenue, aged 40 years,  
wife and seven children; Chas. Nugen,  
Elk street, aged about 35 years, mar-  
ried, has several children; an unknown  
man, at Hogan & Shearer's morgue,  
who had not been identified up to mid-  
night. William Euclow, a pressman,  
went down to the river to see the ex-  
citement, fell off an abutment near the  
Detroit boat landing and was drowned.

**Killed an Officer.**

MITCHELL, Ind., July 17.—While re-  
sisting arrest for the attempted murder  
of his sweetheart at Tinsley Ridge, a  
small inland town near here, John  
White shot and instantly killed Officer  
Thomas Fields. White escaped.

**Tillman's Daughter Killed.**

CHARLESTON, S. C., July 17.—The  
daughter of United States Senator Till-  
man has been killed by lightning.

## RUSSELL'S SUDDEN END

Died at a Fishing Lodge Near  
Quebec.

HEART DISEASE TOOK HIM OFF.

His Brother Found Him Dead In Bed  
In the Morning—Had Spent the Day  
Before Fishing and in Good Health.  
A Shock to His Wife.

QUEBEC, July 17.—The people who  
accompanied ex-Governor Russell of  
Massachusetts were his brother and F.  
Peabody from Boston. Their camp was  
near the Little Pabos river, where they  
had been fishing. The ex-governor  
seemed in the very best of health. The  
tent in which they slept was divided  
into two compartments and as the ex-  
governor slept alone, the others never

leading topics of his speeches. He was  
nominated again in 1889, and was elected  
over Mr. Brackett by a plurality of  
6,000.

In 1891 he was successful over Chas.  
H. Allen of Lowell by a plurality of  
7,500.

In 1892, the presidential year, he de-  
feated William H. Haile by a plurality  
of 2,500 votes, while Benjamin Har-  
rison carried the state by a plurality of  
30,000. He retired from office at the  
end of his third term and resumed the  
practice of law.

**The Cleveland Strike.**

CLEVELAND, July 17.—There have  
been no more outbreaks of violence in  
the vicinity of the Brown works. Four  
companies of militia and the police have  
succeeded in preserving order, although  
the non-union men were hissed and fol-  
lowed by a large crowd as they were  
being escorted from the works by the  
police. Street car motormen refuse to  
carry non-unionists to work.

**Many Republicans Present.**

TOPEKA, Kan., July 17.—The state  
silver convention has been in session  
here since last night. Those present at  
least three-fourths have been prominently  
identified with the Republican party.  
The preponderance of Republicans is so  
great that the delegation elected to at-  
tend the St. Louis silver convention on  
the 23d will be overwhelmingly Republi-  
can.

**Eckels Expects Another Ticket.**

WASHINGTON, July 17.—Mr. Eckels,  
the comptroller of the currency, has re-  
turned to Washington from the Chi-  
cago convention. He is an earnest be-  
liever in the wisdom of putting a gold  
standard Democratic national ticket in  
the field as a means of accomplishing  
the defeat of free silver candidates and  
believes that this will be done.

**Adopted the Gold Standard.**

COLON, Colombia, July 17.—Costa  
Rica has decided to adopt gold as the  
basis of its currency. The inhabitants  
of Port Limon are preparing to celebra-  
te the event on a grand scale. The entire  
country is pleased because the present  
silver currency is to be called in.

**Michigan Silver Men.**

LANSING, Mich., July 17.—Some 600  
free silver advocates from various parts  
of the state held an independent free  
silver convention here and selected  
delegates to the St. Louis silver conven-  
tion and organized the Silver party in  
the state.

## NOT LIKELY TO AGREE.

The Two Conventions Won't  
Unite In St. Louis.

THEY ARE SPLIT UP OVER BRYAN.

The "Middle of the Road" Populists Are  
Fighting Either His Endorsement or  
Nomination—Silver Party People Want  
All to Unite on the Nebraskan.

ST. LOUIS, July 17.—According to in-  
terviews with a number of prominent  
Populists and silver men, the consensus  
of opinion seems to be that the conven-  
tions, which meet here on the 23d, will  
not work in unison as predicted. They  
will not be able to agree as to the selec-  
tion of a presidential candidate. Silver  
men seem to be unanimous for the nom-  
inee of the Chicago convention,  
while the Populists want a distinctive  
Populist candidate. It is too early to  
predict what the convention will do, for  
only a few of the large number of dele-  
gates expected are here.

The "middle of the road Populists"  
are making a strong fight against either  
the endorsement of Bryan and the Chi-  
cago platform or the nomination of the  
Nebraskan on a Populist platform. They  
are much encouraged over the action of  
the Arkansas Populist convention,  
which refused to endorse Bryan, and  
they propose to crystallize the anti-  
Bryan sentiment by a public meeting of  
the "middle of the road" followers Sun-  
day afternoon, when the campaign  
against him will be opened. All dele-  
gates and Populists who want a sepa-  
rate ticket and an independent Populist  
organization are expected to be present.

Chairman Taubeneck, of the People's  
party national committee, has called the  
"middle of the road" section of the  
party, and with him are associated  
those who signed the manifesto, issued  
after the Republican convention, de-  
claring for Teller for president.

Sergeant-at-Arms McDowell, who  
went to Little Rock to present an argu-  
ment against endorsing Bryan, has re-  
turned and reported success. The  
proposition presented by Mr. McDowell  
to the convention was in the form of  
an address, reviewing the two sides of  
the question of endorsement of the  
Democratic ticket.

He stated that in order to restore sil-  
ver to its lawful place and make a com-  
bination with the Democrats the Popu-  
lists must do two things: First, endorse  
the Democratic ticket nominated at Chi-  
cago and merge into the Democratic  
party; or, second, nominate a ticket of  
their own and enter into an agreement  
with Democrats on one set of electors.

The address then says that if the first  
policy is pursued the People's party will  
lose its identity and become an annex  
to the Democratic party; also all the  
state, legislative and county candidates  
in the People's party with the exception  
of a few western states, will have to  
resign; also the Populist press, which  
is a powerful factor, with an organiza-  
tion behind it, would disappear and be  
displaced by a Democratic press and the  
Populist editors turned down.

Should the Populist party endorse the  
Democratic nominees and the ticket be  
successful at the polls next November,  
the Populists would not be in a position  
to demand anything, except what a  
Democratic administration might be able  
to offer them, both in the way of carry-  
ing out Populist principles and distribu-  
tion of patronage.

If the second policy is pursued it will  
preserve the People's party organization  
for future use, and by making an alli-  
ance with the bolting Republicans the  
Populists will outnumber the Democrats  
and make them the third party at the  
polls next November.

If the combination ticket is success-  
ful the Populists will have either the  
president or vice president, and will  
also be in a position to demand an equal  
share of the federal patronage, includ-  
ing the cabinet and foreign appoint-  
ments.

EAST LIVERPOOL should not cast a vote for Bryan and Sewell.

BRYAN'S speeches are interesting, if for nothing more than the misstatements they contain.

The Lisbon Patriot scatters its affections about in the most promiscuous manner. It speaks of W. J. Bryan as "our beloved candidate."

EVEN though he was a rampant enemy of silver, Bryan's views of the tariff would prevent him standing well with the potters of America.

PITCHFORK TILLMAN has been strangely silent since the Chicago convention. Can it be possible that he hoped to lead the Popocratic hosts this year?

If the number of Democrats leaving the party and repudiating the platform continues to increase, Mark Hanna and his committee will have little to do during the next few months.

THE Populists who want to endorse the Democratic ticket need not expect reward should the friends of free silver prove victorious. There are more than enough hungry Democrats willing and waiting to gobble up the spoils.

A FALSE THEORY.

That the free coinage of silver will act substantially on the same lines as a prohibitive tariff, has become a favorite argument with local Democrats. They point out the fact that all duties on imports must be paid in gold to the government, and if there is free coinage gold will be at a premium. Therefore no one will import manufactured articles because he cannot afford to pay the high price for gold. Their reasoning is wrong. They base their argument upon a supposition not at all in accordance with the facts. With free coinage of silver the metals are expected to circulate side by side. A silver dollar is to do the same duty as one made of gold. What good is this free coinage of silver if the money can not be used for all purposes? Why should the government demand payment in gold when it expects the people to transact their business with gold and silver? That would be a discrimination. The government would be working on a safe principle while private business would be transacted with every danger of loss. The principle of the silver advocates is to have the white metal used as freely as gold, to have it circulated by the government. If this should come to pass the government would of necessity be compelled to accept any money of the country, silver, paper or gold, in dealing with its creditors. There is no argument which can show the free coinage of silver doing the work of a protective tariff.

## 15 PEOPLE DROWNED.

Ferryboat Overturned In the  
River at Cleveland.

CAPSIZE BY A STEAMER'S WAVES.

The Victims Drowned Before Help Could Reach Them—Some Rescued, While Others Swam to Shore—An Engineer Had a Remarkable Escape.

CLEVELAND, July 17.—Several lives were lost in the accident which occurred on the old river bed near the ore docks of the Cleveland and Pittsburgh Railroad company. The ore handlers had just quit work for the day and were waiting their turns to cross the branch of the river on the flatbottomed ferryboat which they had provided for their own use. A number of the men had crossed. When the ferry reached the dock the last time at least 20 men crowded upon it.

The boat, which was about 30 feet long and not more than four feet wide, was carried safely over more than a dozen persons. The stream is not wide, however, and the hurrying ore handlers had no thought of danger. The boat was pushed from the shore and was being propelled across the stream. When it was about half way over it began to sink. Then as the men rushed to the side it turned over. All the occupants were thrown into the water. Those who remained on the shore, alarmed at the capsizing of the little craft, at once threw life preservers and planks to the unfortunate men, but most of them sank like lead.

Richard Masten, chief engineer of the steamer Bessemer, which the men had been unloading, was on the ferry when it overturned. He thinks there must have been 30 or more men on the frail craft. The boat was floating all right, he says, until the steamer Aragon, a big ore carrier, came down the river. The swell from that vessel caused it to rock and the men became alarmed. Many of them rushed to the side and jumped overboard before the boat capsized. The wash from the Aragon carried them under the water, and several of them were drowned before help could reach them.

"The men struggled frantically," said Masten, "to save themselves, but they seemed powerless. When I saw that the boat was going over, I decided to stay with it. That is what saved my life. I let the boat turn over on me, and by putting my head above the water underneath it I escaped the swell from the steamer and came out all right."

Two boys, Bernard Patton, aged 15, Martin Corrigan, aged 16, were in the boat and both saved themselves by swimming to the shore.

After the 15 bodies had been taken from the water, they were conveyed to the morgue for identification. None of the men who were drowned lived near the place where the accident occurred, and although a great crowd of curiosity seekers had assembled, nobody who saw the bodies as they were taken from the river was able to identify a single one.

Following is a list of the dead at the morgue: William Saunders, 179 Lewis street, married, one child; August Kasten, Gauge street, married, several children; Michael Lynch, 96 Hanover street, married; Fritz Bartel, 43 Elm street, 21 years old, single; Chris Gerlach, 46 Selden street, 45 years old, married, two children; — Prokup, residence unknown, aged about 40, married; Carl Behrmeister, 24 Selden street, aged about 30, married only three or four months; Julius Erke, 8 List court, married, several children; Christ Gehren, Selden avenue, married, several children; Charles Kraus, Selden avenue, aged about 35 years, widower, several children; Edward Ryan, 88 years old, Waverly avenue, domestic circumstances unknown; Chas. Speck, Selden avenue, aged 40 years, wife and seven children; Chas. Nugent, Elk street, aged about 35 years, married, has several children; an unknown man, at Hogan & Shearer's morgue, who had not been identified up to midnight. William Euelow, a pressman, went down to the river to see the excitement, fell off an abutment near the Detroit boat landing and was drowned.

## RUSSELL'S SUDDEN END

Died at a Fishing Lodge Near  
Quebec.

HEART DISEASE TOOK HIM OFF.

His Brother Found Him Dead In Bed  
In the Morning—Had Spent the Day  
Before Fishing and in Good Health.  
A Shock to His Wife.

QUEBEC, July 17.—The people who accompanied ex-Governor Russell of Massachusetts were his brother and F. Peabody from Boston. Their camp was near the Little Pabos river, where they had been fishing. The ex-governor seemed in the very best of health. The tent in which they slept was divided into two compartments and as the ex-governor slept alone, the others never

WILLIAM E. RUSSELL.

knew that he was dead till morning when they thought it was time to wake him.

A Boston special says: The most that could be learned here was contained in the following telegram to Mr. Joseph B. Russell, brother of the ex-governor, signed by Colonel Harry E. Russell: "Will found dead in bed this morning. Death painless. Probably heart disease. Start for Boston at once."

The family of ex-Governor Russell, including Mrs. Russell and the three children, William Eustis Jr., Richard Manning and Margaret, who are spending the summer in a quiet cottage overlooking the bay at Manchester-by-the-Sea, were in ignorance of the cloud of sadness overhanging them until a telegram from Colonel H. E. Russell was received, announcing the death of Mr. Russell. Apparently dazed at first Mrs. Russell, as the significance of the sad news grew upon her, seemed to be bearing up well. Ex-Governor Russell's brother, Joseph B., arrived about an hour later and was immediately closeted with the widow and children.

Profound grief at the news is expressed on every side here, where the ex-governor was one of the most popular and active of the many summer residents.

Mr. Russell left his family here on Monday for his pleasure trip to Quebec, accompanied by his brother, Colonel H. E. Russell, and Francis Peabody, Jr. At that time he was apparently in perfect physical condition, excepting that he was somewhat fatigued after his active and onerous work at the Chicago convention.

Mrs. Russell, the mother of the dead statesman, is at Crawford's Notch in the White Mountains and Mrs. Russell's mother is at her home in Cambridge.

William Eustis Russell was born in Cambridge, Mass., on Jan. 6, 1857, within the shadow of the university, from which he was graduated in 1877. He received his early training in the public schools of Cambridge, in which he prepared for Harvard college, entering that institution in 1873.

After his graduation he was admitted to the Suffolk bar in the April term of 1880, and immediately commenced business as a member of the law firm of C. T. and T. H. Russell, having the same associated with him.

Mr. Russell's political affiliations have always been Democratic. In 1881 he became a candidate and was elected a member of the Cambridge common council and two years later became a member of the upper branch of the city government. In 1886 Mr. Russell was elected mayor of Cambridge by a large majority. He held the reins of government in the mayor's chair for three terms.

Mr. Russell was married to Miss Margaret Swan, daughter of the late Rev. Joshua Swan, formerly of Cambridge, on June 3, 1885. They had three children, two sons and one daughter.

In 1888 he was nominated for governor and while he was defeated by Governor Ames, he polled nearly 1,000 votes more than were cast for Mr. Cleveland for president.

He worked incessantly, making the tariff and M. Cleveland's record the leading topics of his speeches. He was nominated again in 1889, and was elected over Mr. Brackett by a plurality of 6,000.

In 1891 he was successful over Chas. H. Allen of Lowell by a plurality of 7,500.

In 1892, the presidential year, he defeated William H. Haile by a plurality of 2,500 votes, while Benjamin Harrison carried the state by a plurality of 30,000. He retired from office at the end of his third term and resumed the practice of law.

The Cleveland Strike.  
CLEVELAND, July 17.—There have been no more outbreaks of violence in the vicinity of the Brown works. Four companies of militia and the police have succeeded in preserving order, although the non-union men were hissed and followed by a large crowd as they were being escorted from the works by the police. Street car motormen refuse to carry non-unionists to work.

Many Republicans Present.

TOPEKA, Kan., July 17.—The state silver convention has been in session here. Among those present at least three hundred have been prominently identified with the Republican party. The preponderance of Republicans is so great that the delegation elected to attend the St. Louis silver convention on the 23d will be overwhelmingly Republican.

Eckels Expects Another Ticket.

WASHINGTON, July 17.—Mr. Eckels, the controller of the currency, has returned to Washington from the Chicago convention. He is an earnest believer in the wisdom of putting a gold standard Democratic national ticket in the field as a means of accomplishing the defeat of free silver candidates and believes that this will be done.

Adopted the Gold Standard.

COLON, Colombia, July 17.—Costa Rica has decided to adopt gold as the basis of its currency. The inhabitants of Port Limon are preparing to celebrate the event on a grand scale. The entire country is pleased because the present silver currency is to be called in.

Michigan Silver Men.

LANSING, Mich., July 17.—Some 600 free silver advocates from various parts of the state held an independent free silver convention here and selected delegates to the St. Louis silver convention and organized the Silver party in the state.

#### CALLED ON M'KINLEY.

Old Soldiers Made Him a Visit—Chair-  
man Babcock Talks.

CANTON, O., July 17.—Five hundred old veteran comrades of the war have called on Major McKinley. They came from Cleveland on a special train, and they called to congratulate him as "comrades" and not as Republicans or Democrats, as their spokesman said. The bronze-badged veterans lined up handsomely and marched with vigor to the music of Fahy's military band, which they brought with them. The company represented the Soldiers' and Sailors' union of Cuyahoga county. Two G. A. R. posts of Canton and the Canton troop of horsemen escorted them to McKinley's home, where thousands of citizens were gathered. Addresses were made by Commander Hugh Buckley, Senator W. T. Clark, Rev. George Peffer, E. L. Patterson, C. O. L. Gleason, to which Major McKinley responded.

Chairman J. W. Babcock, of the congressional campaign committee, was also a guest. He said to a newspaper representative: "Yes, the Republican idea has been to make the campaign one of education. That is the idea now, too, but the committee has been at work for weeks on that plan and is already in the field with systematic work. And we were never better equipped to carry on a campaign. It is our wish to extend all reasonable assistance in the educational campaign on the financial, as well as the tariff question from our headquarters at Hotel Normandie, Washington."

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read the print at a distance of 14 inches from the eye with ease and comfort; also will be able to read it with ease and comfort. If unable to do so, your eyes are defective and should have immediate attention. When the eyes become tired from reading or writing, or if the letters look blurred and run together, it is a sure infallible sign that the eyes are in need of rest. The lenses sold in the cheap goods line of some stores are made of inferior material and are not properly ground. Continued use of them will result in permanent injury from the constant strain upon the muscles of accommodation in trying to see the letters in the print."

RAISED A BIG ROW

Three Men Fought in a Sixth  
Street Saloon.

THE POLICE GOT ALL OF THEM

They Were Fined and One Arranged for  
Payment—The Others Were Locked Up.  
Two Fast Drivers Settle With the Mayor  
for Breaking the Ordinance.

Early last evening the patrol was called to the saloon of David Devine, on Sixth street where a drunken row was in progress. Officers McMillan, Deidrick and Peterson accompanied the wagon, and arriving upon the scene, arrested Deverne Coburn, James McClellan and James Carnes who, by way of diversion, were hurling beer glasses at one another, and indulging in various other modes of amusement, such as trying to throw each other down, and trampling on each other's necks. The bartender and a fourth man endeavored to pacify the intoxicated trio, but failing, rang for the patrol. While being taken in custody the prisoners were inclined to be rebellious, but this conduct availed them nothing and they were quickly hauled to city hall. While Carnes was being searched he appealed to Officer Deidrick, to give him a fair show, and not let the other officers rob him. He was told to rest easy on that point. This was the maiden arrest of Officer Deidrick. All three were arraigned this morning, and each fined \$7.75. Carnes arranged to pay his fine and was released. McClellan and Coburn were returned to jail in default of the money, but released later.

Harrison Rinehart and George Meredith, Jr., were summoned before Mayor Gilbert last night to answer a charge of fast driving. A plea of guilty was entered, and each paid \$6.00 for the liberty they had taken.

IN LUCK.

This is a Profitable Year For the  
Farmers.

In conversation with a prominent Madison township farmer this morning, he stated that the hay crop was at least 10 days ahead this year, but that the many heavy rains have seriously retarded their progress in cutting the hay, and that they will not be able to have it placed in the barn much earlier this year than in former seasons. The corn crop is an unusually large one, and the farmers in this section will have one of the most prosperous years ever known.

for Breaking the Ordinance.

Early last evening the patrol was called to the saloon of David Devine, on Sixth street where a drunken row was in progress. Officers McMillan, Deidrick and Peterson accompanied the wagon, and arriving upon the scene, arrested Deverne Coburn, James McClellan and James Carnes who, by way of diversion, were hurling beer glasses at one another, and indulging in various other modes of amusement, such as trying to throw each other down, and trampling on each other's necks. The bartender and a fourth man endeavored to pacify the intoxicated trio, but failing, rang for the patrol. While being taken in custody the prisoners were inclined to be rebellious, but this conduct availed them nothing and they were quickly hauled to city hall. While Carnes was being searched he appealed to Officer Deidrick, to give him a fair show, and not let the other officers rob him. He was told to rest easy on that point. This was the maiden arrest of Officer Deidrick. All three were arraigned this morning, and each fined \$7.75. Carnes arranged to pay his fine and was released. McClellan and Coburn were returned to jail in default of the money, but released later.

Harrison Rinehart and George Meredith, Jr., were summoned before Mayor Gilbert last night to answer a charge of fast driving. A plea of guilty was entered, and each paid \$6.00 for the liberty they had taken.

IN LUCK.

This is a Profitable Year For the  
Farmers.

In conversation with a prominent Madison township farmer this morning, he stated that the hay crop was at least 10 days ahead this year, but that the many heavy rains have seriously retarded their progress in cutting the hay, and that they will not be able to have it placed in the barn much earlier this year than in former seasons. The corn crop is an unusually large one, and the farmers in this section will have one of the most prosperous years ever known.
